EUROPEAN UNION (EU) TRADE WITH AFRICAN, CARIBBEAN AND PACIFIC COUNTRIES (ACP) -Results until September 1993-

PART I. EU TRADE BALANCE VIS-A-VIS THE ACP AND CLASS 2 COUNTRIES

EU TRADE BALANCE WITH ACP

1. EU's trade surplus with the ACP countries was about 1,5 billion ecus in the first nine months of 1993. The corresponding period of time in 1992 showed a deficit of 1,2 billion ecus. This is mainly due to a large reduction of EU imports by 22,7%, from these countries, EU exports decreased by 2,6%. EU's surplus on non-oil trade was 4,0 billion ecus as compared to 2,8 billion ecus during the same period of the previous year. The cover ratio (exports over imports) of EU's total trade with the ACP was 114,4% during this period and 151,6% when considering non-oil trade.

2. EU's trade balance with CLASS 2 countries experienced a surplus of 14,1 billion ecus in the first three quarters of 1993. EU imports from CLASS 2 went down by 2,1%, while the exports to these countries went up by 8,0% between the same periods. When considering non-oil trade, EU surplus rose from 30,1 billion ecus in the first three quarters of 1992 to 38,4 billion ecus in the corresponding period of 1993. EU exports covered 113,4% of imports from CLASS 2 countries.

PART II. EU IMPORTS FROM THE ACP AND CLASS 2 COUNTRIES

EU IMPORTS FROM ACP

1. EU imports from the ACP countries experienced a decrease in volume by 22,2% and in value by 22,7% to 10,5 billion ecus in the first three quarters of 1993, compared to the corresponding period in 1992.

2. EU imports of manufactured products (SITC 5-8) from ACP went down by 37,9% in value and 36,4% in volume. These products represented 21,0% of total EU imports from the ACP.

3. EU imports of food, beverages and tobacco (SITC 0+1) and raw materials other than fuels (SITC 2+4) from ACP went down by 1,8% and 7,9% respectively in value during the first three quarters of 1993, compared to the corresponding period in 1992.

4. EU imports from CLASS 2 countries decreased by 2,1% in value and by 5,1% in volume between January-September 1992 and 1993. Due to higher export prices, the value of EU imports of manufactured products (about 51% of total imports from these countries), increased by 3,2%, while the imported volume went down by 4,0%. EU imports of fuel (SITC 3) decreased by 8,4% in volume and 7,8% in value.

PART III. EU EXPORTS TO THE ACP AND CLASS 2 COUNTRIES

EU EXPORTS TO ACP

1. In the first three quarters of 1993, EU exports to ACP countries experienced a decrease in volume by 4,9% and in value by 2,7% to 12,1 billion ecus, compared to the corresponding period in 1992.

2. EU exports of manufactured products (SITC 5-8), representing about 80% of total EU exports to ACP went down by 2,5% to 9,6 billion ecus during January-September 1993. In volume terms the exports of these products decreased by 6,0%.

3. The value of EU exports of raw materials other than fuels (SITC 2+4) and food, beverages and tobacco (SITC 0+1) to ACP went down by 7,5% and 4,8% respectively during the first three quarters of 1993, compared to the same period of the previous year.

4. The EU exports to the CLASS 2 countries increased by 8,0% in value and 9,9% in volume between the periods January-September 1992 and 1993. The export of manufactured products (84,2% of total exports to these countries), increased by 9,2% in value terms.

PART IV. EU-ACP TRADE BY PARTNER COUNTRIES

1. In the first three quarters of 1993 the EU experienced a surplus with West Africa (about +1,0 billion ecus), East and North Africa (about +0,7 billion ecus) and Central and South America (about +0,6 billion ecus). The EU showed a deficit with Central Africa (-0,2 billion ecus), Southern Africa (-0,2 billion ecus) and Australia, Oceania and others (about -0,2 billion ecus).

2. By individual ACP countries the EU experienced the largest deficits in the first nine months of 1993 with the Ivory Coast (about -0,4 billion ecus), Cameroon (-0,3 billion ecus) and Mauritius (about -0,3 billion ecus). The EU registered an important surplus with the following countries: Bahamas (+0,6 billion ecus), Liberia (+0,4 billion ecus) and Gabon (+0,2 billion ecus).

PART V. EU-ACP TRADE BY MAIN PRODUCTS

1. The degree of concentration of EU imports from ACP went down during the first three quarters of 1993. Eight products were required to cover half of total EU imports from ACP: crude petroleum, cocoa beans, coffee, raw cane sugar, fresh bananas, unsorted diamonds, tropical wood and unwrought gold. In the corresponding period of 1992 only five products were needed to cover half of total EU imports from ACP.

2. EU imports of crude petroleum (26,0% of total EU imports from ACP) went down by 33,5% in value and by 35,5% in volume between the periods January-September 1992 and 1993. Almost 9,0% of total EU imports of this product came from ACP countries. The most important exporting ACP countries of crude petroleum were: Nigeria, Angola and Cameroon.

3. The EU imports also suffered large reductions for unwrought aluminium by 41,0% in value and 43,8% in volume, stripped tobacco decreased by 30,9% in

value and 25,3% in volume, uncarded cotton and cocoa beans decreased more in value terms (-23,9% and -17,6% respectively) than in volume terms (-18,3% and -8,9% respectively).

4. The EU imports from ACP experienced increases in value for products such as: unsorted diamonds (+42,0%), unwrought gold (+26,3%), tunas, skipjack, bonito (+17,7%) and aluminium oxide (+13,8%). More than 73% of EU's total imports of aluminium oxide came from ACP countries.

5. Imports of coffee from the ACP countries represented more than 31,0% of total EU imports of this product in the first three quarters of 1993. Ivory Coast and Kenya were the main exporters. Almost 80,0% of total EU imports of raw cane sugar came from ACP countries and imported raw cane sugar represented less than 5,0% of total EU imports from the ACP countries.
